

Welcome to The Datakirk

Visual Analytics Training Session

Thank you for taking part!

Chuks Ododo

Project Manager

Emman Toomey

Mentor

What is the DataKirk

A registered Scottish Charitable Incorporated Organisation aiming to empower people with the data literacy and analytics skills for the jobs of tomorrow

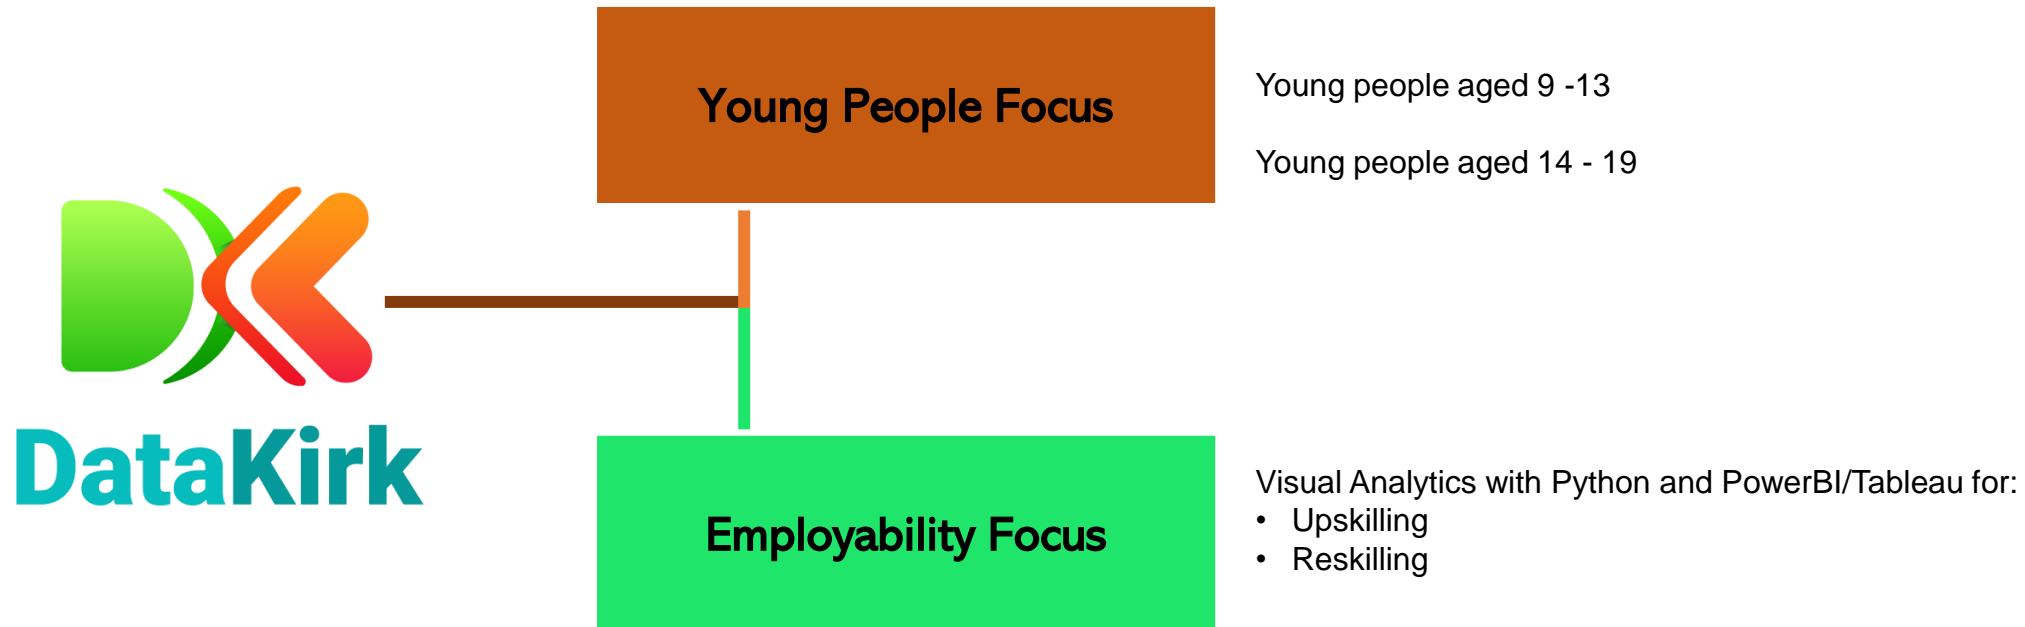

The DataKirk Culture and approach

We have a shared belief in the power of education to change lives and that data literacy skills are the foundation of a thriving economy.

We are open minded and flexible and we recognise that with committed volunteers, highly skilled mentors and enthusiastic learners, we can learn from everything we do.

Our Data Literacy & Analytics Club

The first THE DATAKIRK OPEN DAY took place in April 2019

The first Data Literacy and Analytics Club started on 04 Nov 2019

Data Visualisation and Storytelling Open Day on 03 March 2020

Why You Should Study Data Analytics?

It is significant
for
organisations

Increasing
salaries for
data
professionals

Influence
decision-
making in the
company

Job
opportunities
on the rise

Work
opportunities
in a spectrum
of industries

Broaden your
sources of
income

Inspiration from Sofia Olaosebikan

Any questions?

Thank you and good luck!
